re: USA v. Dexter Washington, 23 Cr. 31 (LGS)

LORNA G. SCHOFIELD
UNITED STATES DISTRICT JUDGE

Dear Judge Schofield;

I write to request a further modification in the bail terms to eliminate electronic monitoring. Washington will be scheduled for a series radiology examinations for his medical ailments. As the attached letter from Mt. Sinai indicates he cannot have radiology diagnosis while he is wearing an ankle [or like] monitor during an examination. Rather than be uncoupled, and recoupled to the monitor each time radiology is needed, Washington believes elimination of the ankle bracelet condition will give Washington flexibility in diagnostic treatment.

I also attach a text exchange with pretrial services officer Marlon Ovalles advising Washington to contact your Honor concerning the issue.

Thank you very much.

Respectfully,

B. Alan Seidler

Marlon- ...

Good morning Marlon I will speak to you about the above documents when I see you Wednesday

Good morning, Dexter. I hope you're doing better. Sounds good. You need to contact Alan. He needs to make a request to the judge for the temporary removal of the bracelet for this procedure. He made a similar request back in July for you
